

LIGHTSCAPER® SERIES

LOUVERS AND FLOODS

Cat. #		Approvals
Job	Type	

APPLICATIONS

- Landscape lighting, path, sidewalk, steps and small sign illumination

SPECIFICATIONS

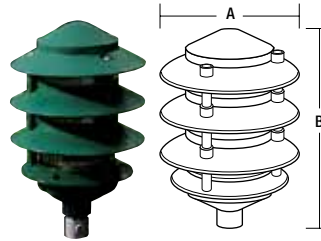

- Non-metallic Louverlights are available in incandescent and compact fluorescent with molded-in Shalda green finish. Incandescent units have ribbed glass globes and steel louver screws. Fluorescent units include lamp and have ribbed thermoplastic globes and nylon screws to the ultimate in corrosion resistance with low maintenance. Both versions have 1/2" female mounting hub
- Cast aluminum Louverlights (587M-VG/583M-VG) have verdi powder finish, steel hardware and rubber screw covers. Glass globe is frosted for soft illumination and lamp shielding. 1/2" bottom hub includes nipple for male/female connection
- All polycarbonate PL-S13 fluorescent flood has molded-in Shalda green or black finish. Units have unique snap-in lamp socket, lamp end support and includes the lamp! Clear polycarbonate lens seals to housing gasket with two Phillips stainless steel screws. 1/2" male threaded swivel knuckle allows universal aiming
- All units are 120 volt

LISTINGS

- Listed to UL1598 for use in wet locations
